Featuring Harry Sweet

Harry is walking through the park when he sees a man trying to kiss a pretty nurse. He is beaten up for his attempt to rescue the girl and is taken to the hospital.

While under the influence of ether he dreams that he is back in the park and that the girl is in a canoe which is rapidly drifting to the outlet of the lake which has a 1,000 foot fall. He grabs a rope attached to the stern of the canoe, but drops the rope several times in attempting to fasten the craft to a stake on the bank of the lake, and the canoe just misses going over the falls.

After pulling the canoe back on shore he falls into the water. Harry comes out of his ether dream when the nurse pours cold water on his head. Then he tells the nurse that he had a dream in which he saved her from drowning. The girl promises to make his dream come true, and they leave the hospital together.
